Are You Registered to Vote?

by Matt Taylor

If you have access to the internet, the easiest and fastest way to find out if you are registered to vote is to go to a voting website like www.vote.org.

You fill out the required information which checks a database to see if you are registered. If you are, it will let you know. If not, you can then proceed to register online. Or you can get a registration form to fill out by hand at your local library, elections office, or right here at **TRPIL**.

Another way to find out is to simply call your local elections office, and ask someone there to check to see if you are registered.

Call us at **724.223.5115** if you need more information!
